

Predator 19.1 FG

PREDATOR 19.1 FIRM GROUND CLEATS SOCCER CLEATS THAT DOMINATE.

Predator isn't just a cleat. It's a statement that actions speak louder than words. If you can't back your chat with total control, pipe down. But if you're ready to dominate to the final whistle, keep reading. The upper on these soccer cleats is made from foot-hugging knit textile for secure lockdown. A textured coating on the forefoot grips the ball to maximize the precision of every pass and shot.
